Go to our Web Store

- Go to: <u>www.GroceryExportersOnline.com</u> and register for a Customer Account
- Once approved, you will be able to easily create an order on the website to begin the process.
- The order will be received by our offices and will continue with the same process as before.
- For future orders, you will be able to pull-up prior orders as a starting point and go back and edit your order (add or remove products, add or remove quantities).

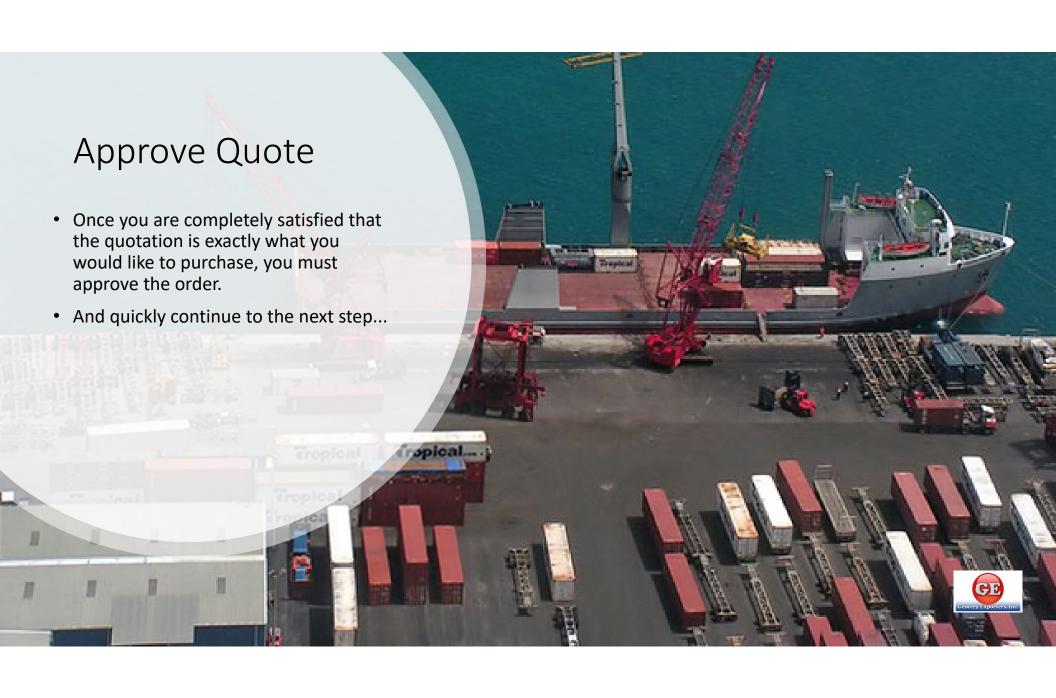

It is very important to carefully review the quotation.

If you have any questions about the products, the pack sizes, the prices, anything at all, this is the moment to ask those questions and clarify any doubt you may have.

Receive Shipment

- All the products in your order are double-checked for long expiration dates to make sure you receive quality products with plenty of time to sell.
- All our orders are photographed before being loaded into the land transportation portion. That way, if there are any problems, we can trace the shipment as best as possible.
- Please remember to coordinate insurance in your maritime shipping terms to protect your purchase.
- Problems are an inevitable part of life. It is very important to FULLY INSPECT your order as soon as it arrives and inform us of any problems that you may find. Sometimes when there is quick communication, we can find solutions.
